Max was born on August 20, 1996 in Stockton, California, but lived in Bakersfield from age 6 until he passed away on November 29, 2019 at the age of 23.

Max graduated from Liberty High School in 2014. He was exceptionally smart. Max was also attending Taft College part-time, working toward becoming a computer engineer.

Max was a giving person with a kind and caring nature. He was funny, compassionate, loyal, friendly and always willing to help family and friends. He enjoyed riding his bike, spending time with his friends, going hiking, and traveling with his girlfriend Julie. He adored Julie and loved taking trips with her out of state or down to Long Beach to hang with good friends.

He LOVED spending time with his brothers, whether it was helping with homework, taking them to the movies, or just sitting at home playing video games, he loved being around his brothers. He was so proud of them.

Some of his favorite foods were Cup of Noodles, grilled cheese or chicken sandwiches, Macaroni and Cheese and white rice.

Max was preceded in death by his is Apo Toni and Papa Jim. He is survived by his mom Angela, father Paul, step-father Rashad, brothers Xavier, Andre and Cameron, Grandma Kathy, Grandpa Doug, Papa Joe, his girlfriend Julie and many aunts, uncles, cousins and friends. “ Max was my best friend for years. We had a tremendous amount in common and made memories together that will always stick with me. One of the things that I can remember most is the sound of him laughing! He was so intelligent and always found the humor in things. I can remember countless times where we laughed so hard we couldn't breathe, or we had some cool adventure. He was also never afraid to speak up for what he thought was right.

It hurts me that him and I lost touch, but I never thought of him as any less of a friend. Always keep those who you care about close to you and do the best you can to remind them you care- even if you're in a different stage in your life. Live and love every day and don't stress the small things.

Our love and compassion goes out to Max and his family.

“ Max brightened any room he walked into. He was such a kind and caring friend, and I'm fortunate to have had him as a friend throughout high school. Whether I needed help on my homework, a date to the school dance, or some jokes to get me by, he was there for it all. I'll miss you, Max.

“ Max was one of my best friends in school. I literally thought he was the funniest person in the world and to this day I still believe it. It pains me that we drifted away after graduation. I'll always be thankful that I got to see him earlier this year and make amends for not keeping in touch better. For as funny as I thought Max was he was honestly twice as smart. Any time I got a glance at his work I'd be glad that I'm not him and amazed at the same time that any of it made sense to him. A man with his talents and charisma could've done anything in this world I know it. It is not only a tragic loss of potential in this world but a tragic loss of an amazing person. I love and miss you man.
