I miss you so much everyday. It never gets easier. I wish you were here! My world was crushed the night i got that call and my life will never be the same. I try to be strong because I know you would want that but It is so hard to be strong when all I want to do is give up. Somehow I keep going in the hopes we see each other again.

“Dial! Sadly I haven't seen you in years but I know you're now free of pain and tearing up Heaven. You left us too soon but all the great things about you won't be forgotten. I loved our breakfast dates at your moms house our Senior year, even though Pootie always got on my nerves (sorry Wilma). I can't count how many times we laughed till we cried. You had the biggest heart, the best laugh and the most sincere soul. I can't think of a bad word you ever said about me and that's because you never did. I love you Dial and pray your family will find peace without their beloved son, brother and dad. RIP Brian.

“Brian, you were the cutest baby boy and you stole my heart. I was always so proud of you playing all the sports. And then you protected me and helped me when I needed help. I will miss you so much but I will only remember everything good so I can smile and my heart will be happy when I think of you. Farewell till we meet again.
