“ On December 2, 2021 At the stroke of midnight, one of my best friends took her last breath. I'm sure your Momma, Daddy & Granny were happy to see you! If you knew Donna, you knew she was an animal lover, an advocate against animal abuse (and I mean she would stomp you in the dirt), she proudly called herself a crazy cat lady, she owned some really nice horses throughout her life that all started with Rosie. 2003 APHA Res World Champion - 3 yr old Halter Geldings, 2003 & 2004 California State Champion, 2003 #2 on the APHA Honor Roll she rode multiple disciplines and was sooo sooo talented, but her passion was Hunter over Fences. I'm still in shock over all of this with the recent loss of her beautiful mother. Rest well Sis, I love you! Til we meet again ❤️🙏❤️🙏❤️
