“Denise, my cousin, was always so sweet. I don't remember her ever getting angry at anyone. We used to hang out as kids during the holidays. I remember the big house in Ducor in the middle of an orange orchard with the screen-in porch all the way around. I can still hear her laughing. We always had a great time running around there, even using the hay loft as a stage once. We all grew up and lost touch a bit. Everyone had their own life and job. I do remember when Denise worked at GET bus and my son's kindergarden class went on a field trip there, she made him feel like a real VIP. I ran into Denise again at one of Dee Dee's concerts. She always loved music and had a great voice. I thought she might be a great country music singer someday. I know she accepted Christ and was baptized at Calvary Chapel, and that now she's at peace. No more pain, no more sorrow. We'll see her again. Life is so short. Tell people you love them while you can. RIP, Denise. <3 ~Lynn Campbell

LA

“Denise touched so many people because she made everyone feel important. She truly cared about her friends and family. She especially loved children and was so good at making them smile. It didn't take much to make her happy...always grateful for the small things. She could find good in any situation. I will miss her contagious silliness. I'll tuck a little piece of her in my heart until we meet again.

“ Peaceful White Lilies Basket was purchased for the family of Elma Denise Wiley.

February 18, 2016 at 11:07 AM

“ She was such a wonderful person. We used to sit in the breakroom at work and just chat. She would always call me on Friday and say " Happy Friday, we made it". She always had a smile for everyone. She was one of kind. We all shall miss the kind and wonderful human being we had the privilege to have her in our lives. Life is fleeting and a little less fulfilled without her in it.

“ I miss you cousin. I cant beleive your gone. Miss your smile, your laugh. I will see you again one day in Heaven.

Donna White - February 11, 2016 at 08:44 PM

“ My aunt Nicie was always so loving. When we were kids she loved to take us to the movies and out for a bite to eat. She loved horses, I would go with her to work at the stables on Fairfax Rd and help her with the horses there. I love you aunt Nicie RIP. Tell papa and grandma I love them and have a cup of coffee with papa for me. Until we meet agian.

Denise:

I still think about you and all the years we had at GET. I even remember the first day you started and when you got your White Z car. Through the years we shared so many experiences together it's hard to list them all. Of the many things I did enjoy about you was the way you would throw your head back and just laugh....we had so many laughs together...whether it was watching All My Children on lunch or going out after work to bowl or just be with each other. I'm sad I did not get to see you in the recent past. It would have been really special to reminisce over old times. xoxox
