Jim was a great brother-in-law. My family set out on a trip to California to visit me and my family. They broke down in Kingman AZ. Jim had a Texaco station in Bartow. I lived in Howard Ca. I called Jim and ask him if he could help me locate a tow truck to send it to Kingman and tow them to Barstow. I was headed to Barstow to meet them. So I could fix their car in Barstow. I gave him all the information that I had where to locate my mom and family. He said not a problem, I asked him how soon they would take off. He right away. I will be at your station tomorrow . I got what I needed and took off to Barstow. When I got to his station I ask where is Jim, then told me he went to pick up a car in Kingman. I said what!!! I waited all day at his station for their arrival. That evening when they came in.I couldn't believe My eyes. This half ton pick pulling up to the station pulling a 1958 4 door caddie. He took his truck that had a small boom on it. And pulled that car all day and night to help my Mom and kids. He was AWESOME!!

The day he even helped me change the engine. JIM WAS A GOOD man !!

God please take care of my brother may he rest in peace!!!
