“ My dad was a truly amazing man . Always so patient and understanding. Always took care of his family . A true hero . I miss long drives with him , hearing his stories from work and crying laughing together at some of them he was really hilariously funny . And could also make me think deep about life when he would share advice and wisdom . I miss him everyday all day

“ I had a great time with you and i learned a lot, I was one of "Jerry's Kids". You were patient and understanding with me learning a new career in a very demanding job. My fault for not staying in touch as much I should have. I pray for your family. Rest in Peace.
