GM

“ I'm so glad I got to see you at the store Kass, hug you, and see your pretty smile a few years ago. I'll always remember the birthday parties, our visits to church (Csl), shopping, and long girl talks sitting on the floor on 18th Street. That time you helped me clean out my closet is still fresh in my mind. We have all shed many tears after hearing of your passing. You were a precious little girl, teenager, and young lady and I'll never forget you. To Roxanne and Taylor, the kids and I send you our prayers and love. May God hold you close at this most difficult time. Kassidy was a bright light and she will never be forgotten.
