MA

“ We had good times together; dancing, doing Karaoke, no matter how we sounded, going to the park, taking pictures and having fun! I especially liked watching her do the dance like a sprinkler, funny! She is missed and was loved by many. It's still so hard to believe she's gone. :( My thoughts and prayers are with the family and friends who are having a hard time as well. She may be gone but will forever be in our hearts!  
Miss you, Ruth!
