“ There are no words to express my love for you. I cry because you died but I smile because you lived. You were a sweet sweet baby and boy and we had so many wonderful memories. You gave me 5 of the most amazing grandchildren. I am hoping it will get easier in time but our love for you will remain forever. Love you my Ryny Piny Poo.

“ Last time I saw P I had gone out to Bakersfield to stay with him and his family. It was like a breath a fresh air to spend time with him and his family and take a break from myself. All he kept saying to me was to stay with him and his family and start fresh in a new place with good people around me. I wish I'd of listened to him. I always felt at home with PJ. He was my genuine friend. He had much love for me and I had much love for him. No judging between the two of us. I love that about him! HE was cool, calm, and collective. I loved that about him! There was nothing in him that was in any way negative towards me. And that's what made me gravitate to him no matter where he was. I love you P!!!! Whether you're here or there or where ever you may be I'm with you bro. I might not have moved on to the next yet but I'm comin and I'll see you soon. Arthur Green, your friend.

Ryan was a part of our family for over 20 years. It is not going to be the same without you. We will take care of Barbara and the kids for you and make sure they never go without. You, my son-in-law, will be missed but as long as there is Barbara and the kids you will always be with us. Rest in peace Ryan. ❤️
