“ So many wonderful memories; where to begin....Spending the summers with you and Aunt Francis, going to the races, the rodeo's, feeding the livestock, making ice cream on the porch in the summer, climbing the trees to get the pecans and walnuts, bull frogs, lizards. the list is endless. One of my favorite memories is when you and auntie were bring me home in the winter and we were stuck on the Grapevine, no money and we stopped in a restaurant and ordered hot water; you added ketchup to it and said (look we have tomato soup) ....I will miss you so much, and my heart will ache, but I know that you are no longer in pain and with family that love you too. Until we meet again...Love you!!

*Thank you! Pops really liked you during the time we spent together as you personally know he was the absolute only thing that remained consistent through our Mothers passing and I cant thank him enough for that!*

*I remember spending my summers with you as a kid and going to the super market and getting produce for the pigs. You taught me how to drive the pickup truck at 14 yrs old "3 on the tree". Going across the fields at night and catching bull frogs! You were my home away from home! ❤️❤️ I'm going to miss you terribly Uncle Wally! Thank you for making my childhood the best! My heart is sooo broken right now but I know you have so much family on the other side that has missed you also! Until we meet again!! I love you but you know that already! ❤️❤️*
